

## Step 1 - Hair

To create hair stands, sew together 2 hair strand pieces.

## Step 2 - Goggles

Sew goggle rim piece to main eye piece.

Sew eye centre to the middle of the goggle eye piece.

Repeat with second eye

## Step 3 - Goggle Strap

Sew front goggle strap piece to front head piece using the picture as a guide.

Repeat with back pieces.

## Step 4 - Attaching Eye Pieces

Sew goggle eye pieces in places using the picture as a guide.

## Step 5 - Mouth

Sew on mouth using the picture as a guide.

## Step 6 - Arms

Sew front right glove piece to the shortest length of the front right arm piece.

Repeat with front left glove piece and front left arm piece, back right glove piece and back right hand piece and finally the back left glove piece and back left arm piece.

## Step 7 - Finishing Arms

Pin front right arm and back right arm pieces wrong sides together. Sew around the outside, leaving a gap for stuffing with toy filling. Stuff arm and then sew gap closed.

Repeat with front left arm and back left arm.

## Step 8 - Legs

Sew a front shoe piece along the shortest length of front leg piece. Repeat with second front shoe and leg piece and the two back shoe and back leg pieces.

## Step 9 - Finishing Legs

Pin front right leg and back right leg pieces wrong sides together. Sew around the outside, leaving a gap for stuffing with toy filling. Stuff leg and then sew gap closed.

Repeat with front left leg and back left leg.

## Step 10 - Logo

Sew logo to the centre of the logo background.

## Step 11 - Front Straps

Sew together a front body section to a front strap piece along one of the longest edges as shown in the picture.

Repeat process with remaining front body section and front strap piece.

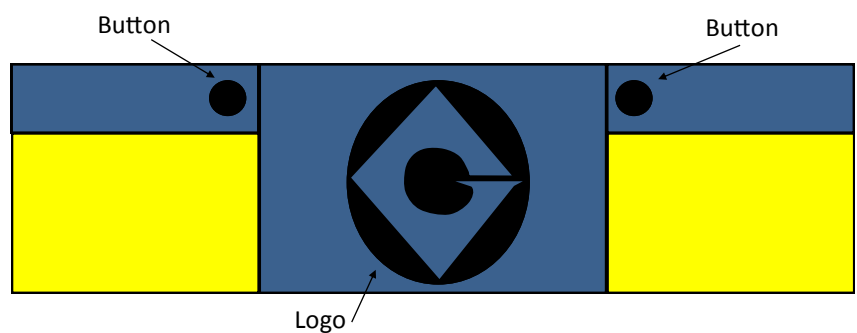

## Step 12 - Front Dungaree Panel

Sew a front body/strap piece along each of the shortest edges of the front dungaree panel using the picture as a guide.

## Step 13 - Buttons & Logo

Sew on button and logo pieces as shown.

## Step 14 - Back Straps

Sew together a back body section to a back strap piece along one of the longest edges as shown in the picture.

Repeat process with remaining back body section and back strap piece.

## Step 15 - Back Dungaree Panel

Sew a back body/strap piece along each of the shortest edges of the back dungaree panel using the picture as a guide.

### Step 16 - Front Dungarees

Sew bottom edge of front dungaree panel section to the top edge of the front trouser section.

### Step 17 - Complete Front Section

Sew bottom edge of front head panel to the top edge of the front dungaree section.

### Step 18 - Back Dungarees

Sew bottom edge of back dungaree panel section to the top edge of the back trouser section.

### Step 19 - Complete Back Section

Sew bottom edge of back head panel to the top edge of the back dungaree section.

## Step 20- Construction

Pin the front and back sections together placing the hair, arms and legs inside as shown in picture.

Sew around the outside, leaving a gap for stuffing with toy filling. Stuff body and then sew gap closed.
